transparencias

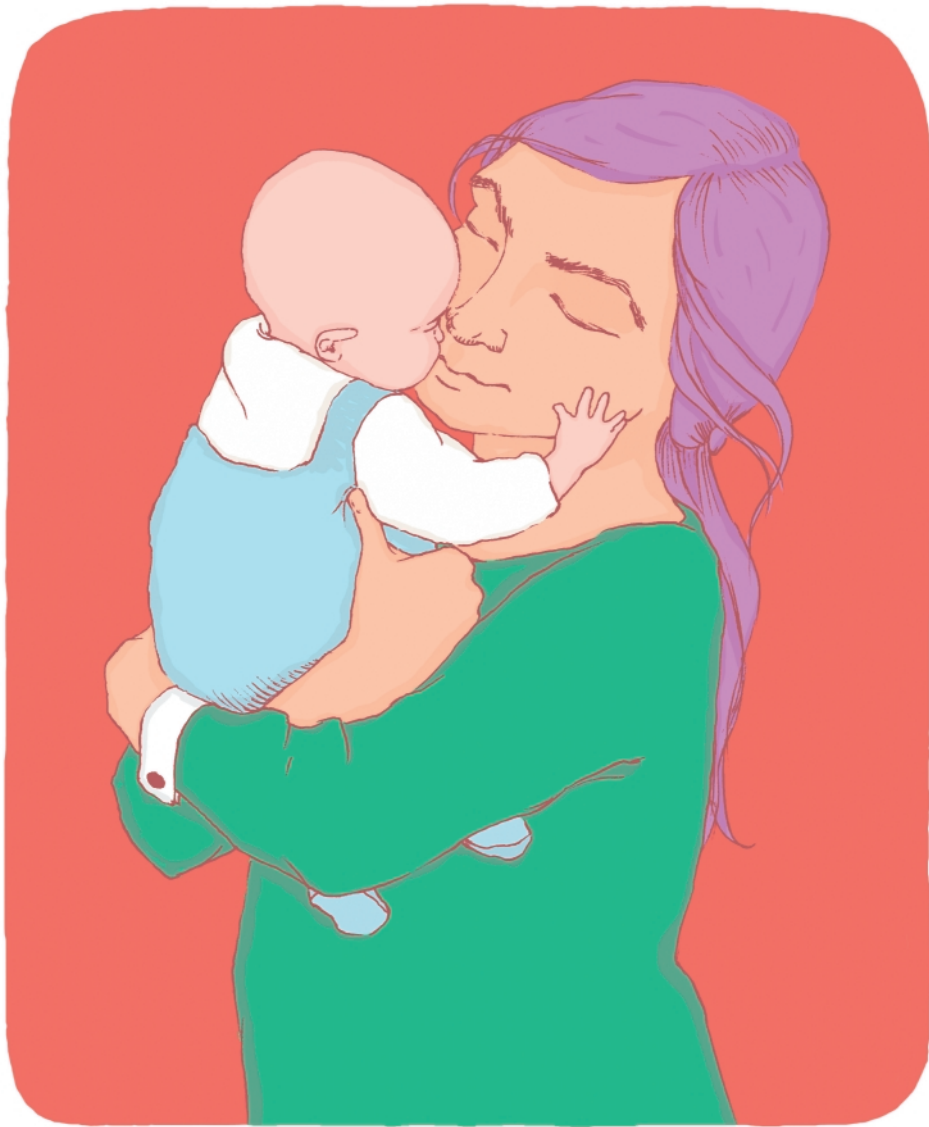

**Esta carpeta contiene una serie de 28 transparencias que se corresponden con las imágenes que aparecen en los apartados en que se estructura el manual «Sexualidad Humana. Guía para los profesionales de educación y de salud».**

De todos es conocida la importancia de las imágenes en el proceso educativo. Por ello, estas transparencias han sido elaboradas para que sirvan de ayuda a las y los profesionales en los talleres, seminarios, clases o cualquier otra actividad que sobre sexualidad organicen, y faciliten la transmisión de conocimientos.

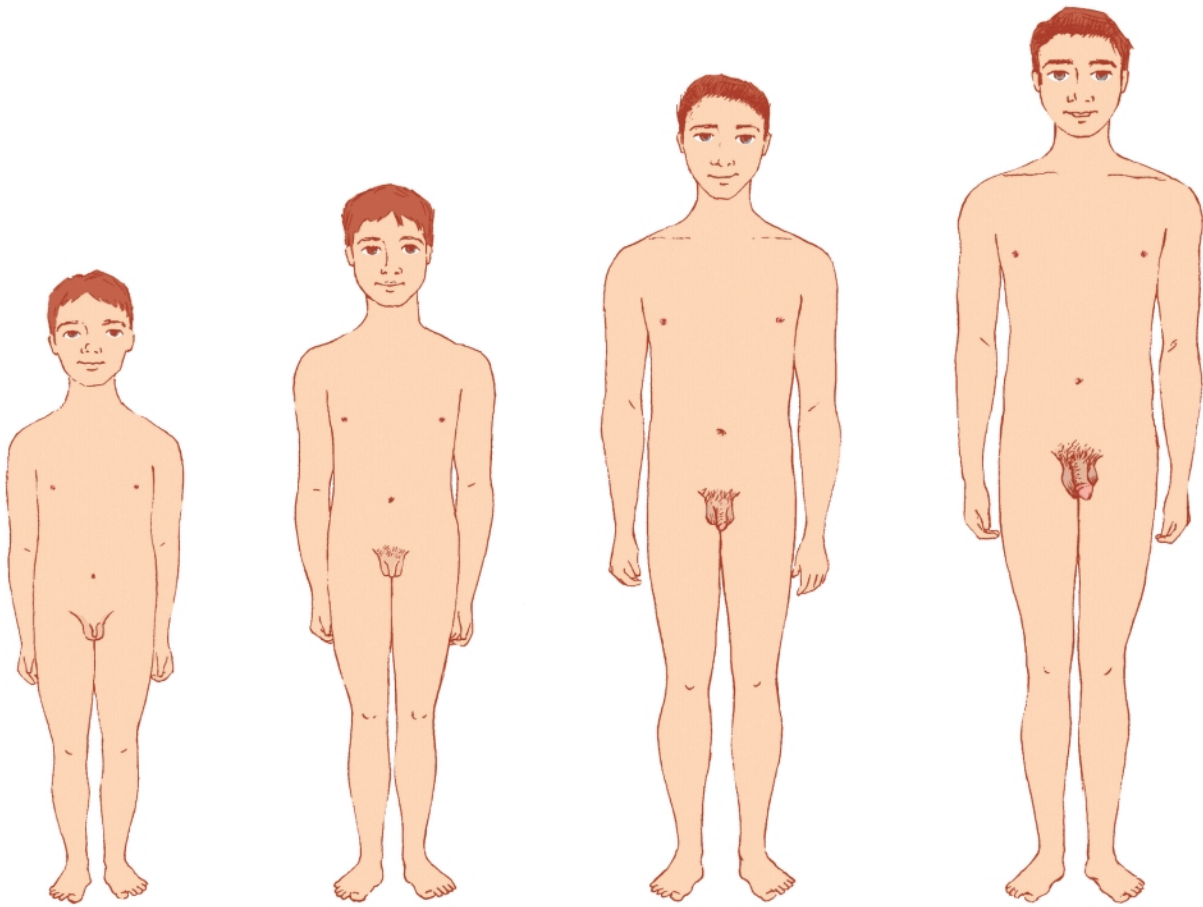

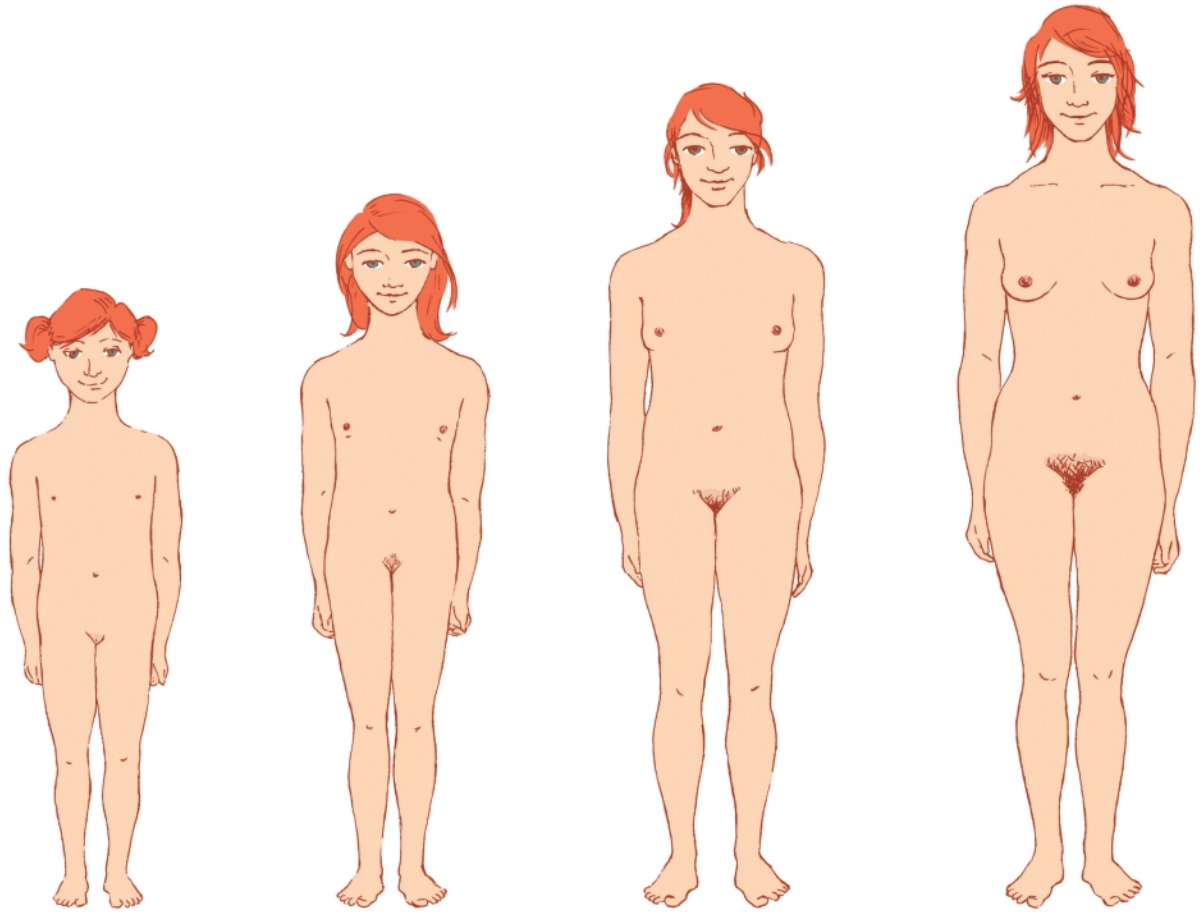

Las transparencias están clasificadas siguiendo el orden temático de la **Guía** y su aparición en ésta, no obstante, la secuencia para ser utilizada es libre y queda a criterio del o de la profesional.
